These villas are being built within walking distance of the beautiful sandy beach Playa de Colón in San Javier. The houses have a beautiful and spacious living room with open kitchen on the ground floor as well as a bedroom with en-suite bathroom. On the first floor there are two spacious bedrooms, each with an en-suite bathroom. The master bedroom also has a dressing room and opens onto a beautiful sun terrace. Each villa also has a very spacious solarium.

The plot is completely enclosed by a decorative stone wall with a natural effect.

The pedestrian entrance gate is in the same design as the electric sliding gate and is also equipped with a video intercom.
