The villas are designed with wooden structures and bioclimatic elements that promote energy efficiency and environmental friendliness. They offer luxurious finishes, open spaces with lots of natural light and optional personalizations, such as underfloor heating, extra lighting and custom interior, offer the opportunity to furnish the home completely to your own taste. Located in the prestigious Scandinavian district of Alfas del Pi, close to Albir beach, the Sierra Helada and the city center, the location is perfect for those looking for peace and nature, but also want to have amenities, schools and recreation such as hiking trails within easy reach .
